**BVSR Constructions Pvt. Ltd.**

## THE FOUNDER

BVSR Constructions Pvt. Ltd. came into existence due to the dedicated and sincere hard work done by Late. Sri B.V. Subba Reddy. He was a friend, philosopher and philanthropist. As a founder of the company all these high qualities contributed to the remarkable success of the company. He has played a vital role in the construction of Nizamsagar Dam and a prestigious Pre-stressed Concrete Bridge in the back waters of Almatti Dam.

## MANAGING DIRECTOR'S MESSAGE

I take this opportunity to thank our valued clients, whose continued patronage and confidence in BVSR CPL keeps us always inspired to extend the best of services and enables us to provide value addition to the development of the construction industry at state and national level.

The company has been established on the rock foundations of sustainability, integrity, adaptability, hard work and pursuance of excellence. We have a long respectable history in the field of Construction, having established our first operation about 30 years ago. Ever since, BVSR has come a long way, contributing to the requirements of construction industry. We continue to build our legacy in construction industry, maintaining the best of quality standards.

We plan to achieve our targets through our strength - efficient organizational structure, a combination of a strong human resources capital and an entrepreneurial management that has been pivotal to the company's growth. Our focus has always been on addressing the needs of our clients through robust, efficient and reliable analytical techniques in line with the best of the industry-practice, maintaining continuous interaction with them to assess their emerging requirements.

BVSRCP has a successful history in the Infrastructure-arena at National level and takes pride in keeping its success story going, as it enjoys being one of the leading Construction Companies with a leading edge in Highways sector. Quality-compliance is the cornerstone of our success and an utmost preference for Safety and Environmental aspects is a non-negotiable priority for us.

The fundamentals to our business strategy have always been and will always be good business principles, strict adherence and obedience to national laws and norms which ensure that our actions are environmentally safe, socially just and economically viable.

The coming years will be marked with major infra structural development with a considerable investment in our segments of interest. We are suitably positioned to capture sizable portion of the market and make our considerable contribution to the development of construction industry thereby contributing to India's growth story.

I therefore, solicit continued patronage of our valued customers, cooperation of the team-BVSR and thank all our well-wishers who have immensely contributed to the growth of the company.

We shall always be ahead in giving our best of services to you.

**B. Srinivasul Reddy**  
Managing Director

## ABOUT US

BVSR Constructions Pvt. Ltd is one of the leading and fast growing ISO 9001-2008 Construction Company in India having established a strong reputation at National level in executing medium to large civil projects and in providing turnkey solutions for its valued clients.

BVSRCP's cutting edge capabilities cover a wide range of Civil Engineering -Concept, Design, Construction and Commissioning on EPC and BOT modes. Highways, among Bridges, Earth Dams, Spillways and Aqueducts etc, remain our core competence.

At BVSRCP we combine financial soundness, technological competence, quality and safety oriented construction methodology, good resource planning and an efficient construction management. The Streamlined, cost-effective systems & processes have enabled the company to deliver projects within time and budget, adhering to strict quality control and safety measures.

BVSRCP has contributed to the many prized landmarks of the Andhra Pradesh & Telangana - some of the exquisite Roads, ROBs, Earthen bunds, Canals and Spillways having been executed by BVSRCP. Notable projects also have been executed in other states which have earned laurels for the Company.

BVSRCP has PAN India operations; some of Infrastructure projects being handled by BVSRCP are spread over states of Tamilnadu, Madhya Pradesh, Odisha, Sikkim and Karnataka.

BVSRCP is also adjudged in Andhra Pradesh as one of the best managed and a respected Company on various attributes of client delight.
